The Dinosaur pulling the wagon comes in followed by the Rhino in a wooden cart being pulled by the zebra. The crowds go into the bleachers and the race track is seen in the distance. All the entries enter race track. There's a fat horse, a monkey with a fan pulling a horse and a man carrying a horse. The dogs form a staircase and all of them mount it. A cat and a dog decide to get in somehow and each get into the end of a sewerpipe. A monkey with a mega phone is seen yelling and all the monkeys come in and climb a tree. Monkey says "ALL ABOARD FOR THE RACE TRACK!" An elephant then lifts tree and carries it out to right. A monkey peanut vendor has a sign on his pushcart, "Yes, we have no bananas today." Another elephant peering through a hole in the tree sees him and by putting his trunk through the hole relieves the cart of its burden. Cat jockey sneaks round end of fence (where horses have entered interior of race track) and beckens to the dog. The dog sneaks in followed by the horse they enter stable and the dog gives the horse some dope. Dog makes bet at bookmakers and comes back into the barn where the horse is all dolled up. The dog shoves the horse with cat on on his back on to the track. The other horses are ready and the dark horse is shoved into place by the dog. They're off! the dark horse going round and round in circles. The dark horse comes down and passes all others. Goes up into air again. Cat jockey loses control and down he comes with horse. The other horses jump them and leave them behind and the cat realizes that "the straight way is the best way".
